

# The Cowan Connection

WE WISH YOU A  
**HAPPY HOLIDAY SEASON**  
AND A PROSPEROUS NEW YEAR.

**Holiday Hours:**

Cowan Dynamics closes on December 23rd and reopens on January 3rd.

**Valve World Expo 2016**

Just finishing up! The Cowan team is still in Düsseldorf for the final day of Valve World Expo 2016. As we finish up the show, we just want to say thanks to those who stopped by!

**Product Highlight**

**E²H Series**  
Electro-Hydraulic Linear Valve Actuator

Stroke Range: Up to 36"  
100% Duty Cycle  
On/Off Modulating Service

Cowan's compact self-contained electro-hydraulic actuator has a thrust of up to 125,000 lbs. With both SIL-3 and ESD capabilities, it is available in fail last, fail close, or fail open. The E²H's versatility allows it to be mounted in horizontal valve stem applications.

The E²H control panel comes standard with a touch screen for quick setup and easy operation. The panel can be mounted remotely or on your E²H. In addition, you can operate your E²H locally using the physical buttons on the front of the panel.

**Cowan Sponsors Scholarship**

Cowan sponsored a scholarship to allow students from Prairie View A&M University and the University of Houston to attend VMA's highly successful Valve Basics Seminar, held Oct. 18-20 in Houston.

The seminar has gone well and the students have been attentive and expressed their appreciation for the opportunity to come. Here is a group of students from Prairie View A&M University and the University of Houston.

Cowan is full member of the Valve and Actuator Manufacturer's Association of America since 2015.
