

The Cowan Connection

OTC 2017

It's a wrap! The Cowan team is back after exhibiting at the Offshore Technology Conference 2017. We had the opportunity to showcase our new Cowan Gas/Oil actuator as well as our new API 6A Hydraulic Actuator. Thanks to those who stopped by!

Next month we will be at Valve World Americas Expo & Conference in Houston, Texas from June 20 - 21.

Valve World Americas Expo & Conference 2017

We will be in Houston, Texas from June 20 to June 21, for the Valve World. We are booth #916.

Product Highlight

CGO Series

Gas/Oil Rotary Actuator

Electronic Line Break Protection
Torques up to 4,000,000 in-lb
Air Supply Pressure: 5 – 150 Bar
Explosion-Proof Level: Ex d IIB T4

Cowan's Gas/Oil Rotary Actuators use natural gas or nitrogen gas as the motive power and hydraulic oil as the driving medium to actuate the pipeline valve to a fully open or fully closed position.

The CGO Series is suitable for rotary (quarter-turn) valves with a linear design also available. It is SIL 2 capable, and has the option to come with Solar Power Module and/or Electronic Line Break Protection Module.
